SUMMARY

Motivated Computer Science graduate from KAU with a solid foundation in programming, data analysis, and web development. Built 9+ interactive Power BI dashboards and predictive models through specialized training at the KAU Data Management Office, using Python and SQL. Eager to leverage skills in machine learning and database management to deliver innovative, data-driven solutions.

EDUCATION

King Abdulaziz University | Saudi Arabia
Bachelor of Computer Science | Graduated June 2026

- **GPA: 4.65 / 5.00**

EXPERIENCE

King Abdulaziz University | Data Management Office | Saudi Arabia
Data Analyst Trainee | **June 2025 - August 2025**

- Executed advanced data cleaning, automation via VBA/Power Query, and SQL database management.
- Built predictive ML models using Python and designed interactive dashboards using Power BI and DAX.
- Designed and delivered 9+ interactive Power BI dashboards, translating raw datasets into actionable insights for stakeholders.

PROJECTS

UAE Used Car Market Analytics Dashboard

- Designed an interactive Power BI dashboard to analyze comprehensive datasets from the UAE used car market.
- Engineered advanced slicers and map visuals to track market trends, vehicle specifications, and pricing variations across different regions.
- Extracted actionable business insights to support data-driven decision-making in the automotive sector.

Dermavision: Skin Lesion Classification App

- Developed a cross-platform mobile application using Flutter, seamlessly integrating a lightweight machine learning model (TFLite) for real-time skin lesion classification.
- Implemented a Federated Learning pipeline and Knowledge Distillation using Python, TensorFlow, and Keras to handle non-IID data conditions, ensuring user data privacy while maintaining high accuracy.
- Successfully presented and showcased the fully functional application at the "Tech Hub" exhibition.

COURSES

- **Google Data Analytics Professional Certificate** – Coursera (2026)
- **IBM Data Analyst Professional Certificate** – Coursera (2026)
- **Data Analyst Bootcamp & Statistics (85+ hrs):** Udemy (2025).
- **SQL & Power BI Mastery Tracks (17+ hrs):** Udemy & Tuwaiq Academy (2025).

SKILLS

Technical Skills:

- Programming Languages: Python, Java, Dart, PHP, JavaScript
- Data Analysis: Excel, Pandas, NumPy, Power Query, DAX
- Data Visualization: Power BI, Matplotlib, Seaborn, PowerPoint
- AI & Machine Learning: TensorFlow, Keras, TFLite, Federated Learning
- Database Management: SQL, MySQL
- UI/UX Design: Figma
- Web & Mobile App Dev: HTML, CSS, PHP, Flutter

Soft Skills:

- Analytical Thinking
- Communication Skills
- Adaptability
- Problem Solving
- Teamwork

LANGUAGES

Arabic, English
